| 0 – 4,000 gallons | \$9.25 | -0.03% |
| 4,001 – 12,000 gallons | \$9.25 | +0.78% |
| 12,001 & up | \$9.25 | +3.5% |

**The purpose of this column is to illustrate the percentage increase above a typical year for water customers. Per Ordinance D-1-09-1 the Village annually increases water and sewer rates 3% on January 1 to account for inflation and rising operational costs. This annual increase will be suspended during the rate restructuring and water rate increase for 2017 & 2018. The annual 3% increase will be reinstated in 2019. The annual 3% sewer rate increase will remain in effect.*

Out of Town water rates will remain at twice the In Town water rates as described above.

If you would like to see an example of your expected bill increase the Village has “mock bills”, in various water usage ranges, available to customers. Please request these from the Water Billing Department.
